ASK SEMINARY KEEP OLD DORM ANOTHER YEAR

The board of directors of the Gettysburg Lutheran Theological Seminary in its annual session this morning at the seminary received an appeal of interested citizens and local organizations for the preservation of Old Dorm at the seminary.

The request also was made to the board that action by the seminary on disposition of the old building be deferred for one year to enable the citizens' group to secure adequate funds to provide a satisfactory use of the building for other than seminary purposes.

The board continued in session this afternoon and any action on the request may come then.

The citizens' group noted the building is an historic site and itself an historic exhibit and "may also logically serve as a repository for records and artifacts of local history of which the seminary story is a part."

May Double Enrollment

The board this morning also received a report from a committee which had been named to study the future needs of the seminary. The committee recommended that the church "plan definitely to double the enrollment in its seminaries in the next 10 years. Staff and other equipment will need to be provided for the expansion." Suggestions for changes in curriculum and post seminary training for ministers also were included.

The board also heard this morning about "possible changes that the looked-for merger of Lutheran bodies will bring about." It was pointed out that the seminary may be called upon "to adjust itself to a new alignment of synodical interest and support, to a more centralized direction of academic standards and relationships to other institutions."

The directors recommended 43 students for the degree of Bachelor of Divinity and three for the degree of Master of Arts, two of the latter being women.

Holman Lecturer

Prof. Jacob M. Myers was appointed Holman lecturer for 1959. The Cronhardt Traveling Fellowship was awarded to Robert Hart, Beaver, of Lebanon. The Lutheran Brotherhood scholarship was previously granted to William Robert May, of Lancaster.

More Students In Fall

The annual report of Dr. Harry F. Baughman, seminary president, to the board showed 148 students are enrolled now at the seminary and that applications now on file indicate a still larger enrollment next fall.

Dr. Baughman's report also announced the resumption of subscription (Continued On Page 2)

INSPECTION OF COLLEGE ROTC UNITS IS HELD

The annual inspection of the combined Military Science and Air Science Departments at Gettysburg College is being held today.

The inspecting officers for the Army ROTC are: Col. James O. Clay, PMS and T. Johns Hopkins University; Maj. John P. Bodkin, assistant PMS and T. Washington and Lee University; and Capt. Albert W. Smarr, assistant PMS and T. University of Virginia. The inspecting officers for the Air Force ROTC are: Lt. Col. Guymon Penix and Lt. Col. George E. Mineur Jr., both from Headquarters AFOTC, Air University Command.

During the morning, the visiting officers attended the various classes and evaluated the presentation. They also questioned the students. This afternoon, a parade and review are to be held at Memorial Stadium and evaluated. The review will consist of a combination of parade and military maneuvers in which the Cadet Corps of both Army and Air Force ROTC will participate jointly. The Gettysburg College Band, under the direction of Douglas Danfield, will provide the music for the review.

Several awards will be presented during the review. The Sons of the American Revolution award will be presented by Dr. Harvey Hoover to Cadet Fred Fielding of the AFOTC and to Cadet Alan Young of the AFOTC. The award of the Reserve Officers Association of Adams County will be presented by Quartermaster Corps Reserve, to Cadet James Zerbe of the AFOTC and to Cadet Edward Palmer of AFOTC.

The review will terminate the annual inspection of two departments.

State Reimbursing On School Rentals

The county school superintendent's office has been notified from Harrisburg that these rental reimbursements have been approved for payment to local school authorities on school building costs:

Arendtsville, \$1,338.62; Bendersville, \$1,227.67; Biglerville, \$3,351.08; Butler Township, \$3,977.71; Fairfield, \$2,890.43; Hamilton Township, \$12,434.77; Liberty Township, \$4,267.14; Menallen Township, \$4,889.62; and Tyrone Township, \$2,871.05; total, \$37,248.09.

UPPER ADAMS SCHOOL BUDGET GIVEN APPROVAL

The Upper Adams Joint School board at its May meeting Monday evening gave final approval to a \$510,700 budget for the 1958-59 school year, an increase of about \$24,000 over the expenses for the current year. Most of the increase, school officials said, is required by the state-mandated increases in teachers' salaries.

Reports from the school boards of the three boroughs and three townships that make up the joint school district show that only Menallen expects to increase its school tax for next year. Biglerville, Bendersville and Arendtsville boroughs and Butler and Tyrone Twp. do not expect to have to raise current rates.

Local District Rates

In Biglerville the tax rate will remain at 36 mills with per capita levies totaling \$15.

In Arendtsville the rate will continue at 35 mills and \$15 head tax. In Bendersville the levy on real estate will continue at 42 mills with the head tax rate remaining at \$15. In Menallen Twp. the head tax levy will remain at \$12 but the millage will be increased from the present 35 mills to 38 mills.

Tyrone Twp.'s rate will remain at 42 mills and a \$10 head tax.

Choose Treasurers

In Butler Twp. a budget that has only tentative approval to date is based upon continuation of a \$10 head tax and 45 mills on real estate. The Joint Board elected Lloyd Kleinfelter of the Biglerville board as treasurer of the joint district for another year. The member boards named these treasurers: Arendtsville, Arnold Orner; Bendersville, Paul Crum; Biglerville, Mr. Kleinfelter; Butler, Elmer Hoke; Menallen, Robert Lott, and Tyrone, Hiram Rex.

There was a discussion at the joint board meeting of transportation problems that may be encountered in the future but no action was taken.

Will Observe Home Demonstration Week

The 13th annual Home Demonstration Week will be observed by Adams County homemakers at Homemaker's Day, Thursday from 10 a.m. to 3 p.m. at the Mt. Joy Church, Mrs. Helen Tunison extension economist, said today.

The public is invited to this event where recognition will be given to the county leaders.

Mrs. Tunison said there are more than six and one-half million women taking part in the extension program in the U. S. and there are 85 extension leaders in Adams County. "These leaders help today's home build tomorrow's world better."

ROLAND KIRBY IS ACQUITTED IN ASSAULT ACTION

Roland Kirby, 21, Gettysburg R. 4, was found innocent of a charge of assault and battery by an Adams County jury following an hour's deliberation this morning.

The charge had been brought by William S. Spicer, also of Gettysburg R. D. The jury in returning the verdict divided the costs between Spicer and Kirby.

Attorney Jack Thrush, recently admitted to the bar, was appointed to defend Kirby.

Spicer had charged that Kirby struck him with a racor crank in an unprovoked attack causing injuries to his face.

Kirby claimed that, after some words, Spicer grabbed Kirby's younger brother, Gerry Kirby, and shook him, then kicked the elder Kirby after which the elder Kirby struck Spicer with the tractor crank.

Brother Supports Defendant

Roland Kirby said he was working under the tractor when Spicer began the attack on his younger brother. He said he hit Spicer more or less in self-defense after he had been "booted."

His younger brother supported the defendant's version of the incident.

When the Kirby jury retired to consider its verdict, trial was begun (Continued On Page 2)

LAUDS PUBLIC FOR PART IN "ALERT" TEST

County Civil Defense Director William G. Weaver this morning paid tribute to the general public for "their excellent response" to the nation-wide Civil Defense air raid drill today.

Sirens sounded for the alert signal in Adams County at 9:40 o'clock this morning, approximately ten minutes later than they sounded in most cities of the nation.

The 10-minute delay was caused by decision of local defense officials to determine just how quickly an alert can be sounded throughout the county in the event of a real emergency.

Emergency Conditions

Instead of asking fire companies throughout the county to stand by for the alert expected anytime after 9 o'clock, Weaver had asked the fire officials in 25 companies to continue their regular duties to determine how long it would take for the county's telephonic "fan-out" to take place under emergency conditions.

When the state-wide "blue" alert signal was given over the sound and light signal system at the engine house, Weaver and his assistant, Cecil Lenard, began the series of phone calls to fire officials.

Ten minutes later all had been notified, fire trucks were manned at 25 fire houses throughout the county in order to receive radio messages and the three main stations in the county, at Gettysburg, Littlestown and McSherrytown, were in operation to send the message to the mobile radio stations in the fire trucks.

"Take Cover" At 10:30

As a result at 9:40 o'clock this morning, throughout the county, the first alarm was given—an alert signal warning the general public to prepare for future action. At (Continued On Page 2)

FIND R. SHIRLEY GUILTY IN CASE OF COURT MINOR

Robert J. Shirley, Gettysburg R. 4, was found guilty by an Adams County jury Monday afternoon of a charge of contributing to the delinquency of a minor.

The charge was brought against him by Robert McMullin, director of Adams County Child Welfare Services. After the jury had returned its verdict, Judge W. C. Sheely commented that "while we seldom mention anything one way or another on verdicts returned by a jury I do want to mention that in this case there was no other verdict you could bring."

There was no dispute between the prosecutor and the defendant in the case. Mr. Shirley admitted that he had meetings with an 18-year-old ward of the court, that the meetings had led to marriage. He also admitted he had asked McMullin, Judge Sheely and "the child welfare at Harrisburg" for permission to court and wed "Matilda."

Was Wed Before

When permission was not granted—he met, courted, and eventually married the girl last January. District Attorney Daniel E. Teeter asked the jury whether the jurisdiction of the court over minors is to "be flouted as this man seeks to do it," and scoffed at Shirley's defense that he "loved the girl."

Another matter that led to some lengthy testimony was the question of whether Shirley was married at the time he was courted and wed his present bride. Shirley didn't have his divorce papers with him for the trial but said something about the divorce being granted in December, and then later noted that the divorce papers from another state said he shouldn't get married until March. The wedding took place in another state in January. When the jury came out to ask questions on the marriage after having deliberated about a half hour, the court told the jury that the question of being married or not being married did (Continued On Page 2)

GUESTS FOR ROTARY

Funeral services for Charles E. Kuhn, 72, Cashtown, who died Saturday morning at the Warner Hospital, were held this afternoon at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. John Ehrhart and the Rev. Robert Myers officiating. Interment was in Flohr's Cemetery.

Palbearers were John Bucher, Kermit Deardorff and Harry Bieseker, of the Masons, and Daniel Mickle, Lloyd Kump and Dale Bream, of the Elks Attendance at the viewing at the funeral home Monday night was described as "very large."

BURGESS GIVES COUNCIL REPORT ABOUT TRAFFIC

Burgess Wilbur L. Plank reported to town council Monday evening on a two-hour conference he held April 21 with 16 local businessmen on traffic problems and turned over a file of correspondence he has received on the question of parking and traffic problems in Gettysburg.

The burgess's report and the letters and suggestions he turned over to council were placed in the hands of the traffic and safety committee.

Get Into Discussion

The praise for the burgess came after a lengthy discussion in which suggestions were made that the buses unload on the square and go elsewhere until it is time for them to reload, and numerous other suggestions, plus reminders that "this is a tourist town" and "the buses on the square bring money into the town."

When the discussion left the transient buses bringing youngsters and adults here on visits, the arguments became more involved. Questions were raised about parking by plumbers and others in front of business places where they are engaged from time to time in repair work, and the question of scheduled bus parking on Chambersburg St. led finally to councilmen exclaiming (Continued On Page 2)

POST OFFICERS ARE NOMINATED

Harold Culp was nominated for commander of the Albert J. Leitz American Legion post at a meeting of the post Monday evening in the Legion home. Edgar Bowling was nominated for vice commander; Robert E. Fox and Harry D. Ridinger, second vice commander; William T. Timmins was nominated for adjutant for his eighth consecutive term; financial officer, Richard Finkboner; sergeant-at-arms, Glenn Minter and Dale Bowling; trustee for three years, Howard G. Strausbaugh.

The post has a membership of 910, which is 139 less than the total a year ago. The books will close June 25.

Paul Frazer was transferred from the local post to Littlestown. The local Legionnaires voted to march in the Memorial Day parade and have engaged the Drum and Bugle Corps of the Harold H. Bair Post, Hanover, for its musical accompaniment.

Adjutant Timmins urged the Legionnaires to fill out the application for the special insurance coverage as soon as possible, if they plan to take the policy, and mail it with their accompanying check. The insurance pays up to \$4,000 for \$12 per year.

NEW CUMBERLAND, Pa. (AP)—

The FBI and state police today arrested a 28-year-old father of four small children on a charge of "carrying away with intent to steal" \$12,044.42 from the branch office of the Cumberland County National Bank and Trust Co.

The money was taken from the night depository chute of the bank sometime during the weekend. The loss was discovered yesterday.

Carl E. Hennrich, special agent in charge of the Philadelphia office of the FBI, and Lt. R. O. Parsons, of the state police, identified the man under arrest as William Henry Crawley, Harrisburg, a part-time employee of a Harrisburg floor cleaning company.

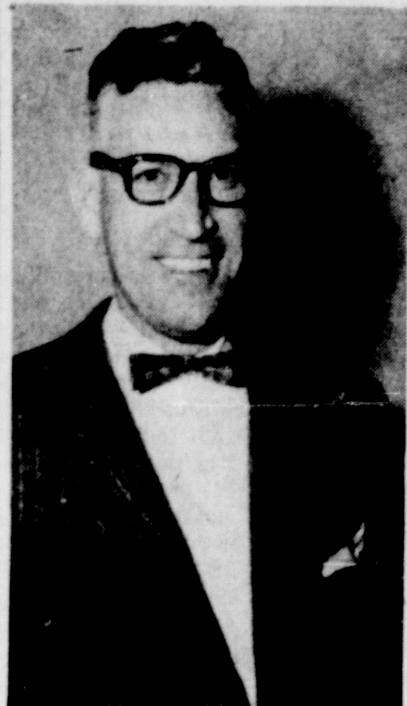

None Of Loot Recovered

The officers said Crawley was held in lieu of \$10,000 bond at a hearing before U. S. Commissioner Charles J. Ware and was committed to the Northumberland County Jail, Sunbury, pending further action.

STAHL WILL BECOME LIONS' NEW PRESIDENT

John C. Stahl, local life insurance agent, was nominated for the presidency of the Gettysburg Lions Club without opposition Monday evening when the service club held its weekly dinner meeting at the Shetter House.

Stahl's advancement to the presidency is automatic. He is currently serving as first vice president of the club. The club will elect Stahl and

JOHN C. STAHL

fill other club offices, some of which are being contested, in two weeks. The new officers will take up their duties July 1. Stahl will succeed Donald A. Ullrich, Gettysburg high school teacher, who is completing a year as president of the club.

Other nominees proposed by a committee headed by Past President Elmer H. Schriver include: First vice president, Douglas W. Smith; second vice president, Richard A. Folkenroth; third vice president, David C. Bloser, Kenneth R. Dengler and Gordon Webster; secretary, Harold Ecker; treasurer, J. Herbert Weikert; directors, Robert Deardorff, Stanley Hoffman, LeRoy LeVan, Thomas Metz, Sterling Musselman and Orville Orner; tail twister, Richard Altmeese, Robert Harner, S. ASK ROAD BIDS

The Pennsylvania Department of Highways has asked for bids May 29 for construction of a legislative route from Bittinger's to New Oxford, approximately 0.98 mile. It will be financed by the Bethlehem Limestone Company whose plant is on the highway.

The officers said that because of his part-time job Crawley had access to the bank. Crawley also was employed at the Middletown Air Material Depot.

The officers said the investigation was continuing to determine the method employed to take the checks and cash in zippered cloth envelopes from the bank's night depository. None of the money or checks has been recovered.

The loss etc picking up second graph (N7)

The loss of the money was discovered yesterday when officials opened up the locker at the bottom of the chute. But the word didn't leak out until last night.

No Details Given

Lewis L. Gotschall, vice president of the bank who estimated the loss, said investigators have determined that no one outside the bank was responsible for the missing money.

Accelerator Sticks And 5 Are Injured

Five young people were injured Sunday night when their automobile struck three trees along a private road two miles south of Mt. Holly Springs.

State police said the car was operated by Edgar Brandt, 18, Gardner R. 1. He was traveling on a side road when the accelerator stick Brandt tried to pull the accelerator up with his foot and at this time the car had reached the Route 94 intersection. The brakes on the car failed and the vehicle crossed Route 94, ran on the property of Grant Books, Gardner R. 1, and struck three trees. The 1950 model car was heavily damaged.

Three passengers in the car were admitted to Carlisle Hospital. They are Gary Gardner, 17, Gardner R. 2, lacerations of the nose and mouth; Bonnie Trish, 14, Gardner R. 1, abrasions and a cut of the chest, and Harold Books, 16, Gardner R. 1, injured forehead. Brandt was treated for a fracture of the left wrist, and Linda Viti, 14, Mounted Route, Mt. Holly Springs, for an injured left wrist.

TOWN TO BUILD 3 NEW STREETS, RESURFACE 12

Twelve streets will be resurfaced and three new streets will be built during the summer according to action taken by the Gettysburg borough council in a meeting at the engine house, E. Middle St. Monday evening. The session lasted from 8 o'clock until 11:15 o'clock Monday night.

Streets to be constructed are: Johns Ave. from Highland to Queen; Sunset Ave. to Queen St., and Fairview Ave. as far as Culp St.

Streets scheduled for resurfacing are: E. Broadway; W. Broadway from College Ave.; N. Howard Ave.; S. Howard Ave.; W. High St. from S. Howard to S. Washington; Johns Ave. to Highland; Highland to Queen; Queen from Steinwehr to Highland Ave.; Highland Ave. from Culp to King St.; Locust St.; E. Middle from Liberty to Fourth St. and E. Lincoln Ave. from Harrisburg St. to Fourth St.

In addition, the borough plans to widen Steinwehr Ave. on the East side in the 200 block, near Gilbert's Hobby Shop.

Repair Curbs, Sidewalks

Council voted to send notices to a number of property owners directing them to repair curbs, place sidewalks or sidewalks and curbs as required. Among them were the property holders affected by the widening of Steinwehr Ave. In the case of those properties, council will pay for the curb since its need is brought about by the widening of the street. The property owners will be required to bring sidewalks to grade where they are not on grade at the present time.

Acting "in response to many complaints," according to several councilmen, council voted to remove the tree in front of Hennig's bakery on York St. and another tree at 166 York St. Several councilmen suggested that the tree in front of Dougherty and Hartley store be removed, but the remainder of council disapproved.

Named To Commission

Council appointed Dr. Harrison Harbach to a two-year term and John Fox to a four-year term on the Civil Service Commission. It also indicated it plans to renew the term of Guile W. Lefever when it expires in December. The board comprises three members. Fox had previously been a member but his term had expired.

The council chamber in the engine house will be replastered where needed and repainted.

No immediate action was taken on a report by Councilman George Naugle that the flag pole on the engine house should be removed and that "something should be done about the cupola" which houses the fire bell.

Approval was given by council for the Blue and Gray Band to accept quarters at the VFW home, E. Middle St. Thomas Trout, president of (Continued On Page 2)

Town Council Buys Smith Lot On E. Middle St., New Police Car And Street Work Material

Gettysburg borough council at its meeting Monday evening in the engine house, E. Middle St., voted to purchase the LeRoy E. Smith lot on E. Middle St., east of the VFW home, for \$5,500.

Purchase a new police car from H. and H. Machine Shop for \$1,480.

Purchase the normal supplies of stone from John S. Teeter Inc., and Bethlehem Steel Co., near Hanover, and purchase oil and tar from Service Supply, all at the same price as last year—the first year in many that the price for stone and oil has not increased.

Option Was Expiring

Decision to purchase the Smith lot came when Councilman George W. Naugle reported the option council had to purchase the 440-ft. lot that is 191 ft. deep on E. Middle St. expired as of Monday evening's meeting.

Naugle moved that council buy the land "for any reason the town may need it." Council had been discussing a new borough building containing police and other offices, the fire department and highway department vehicles when the option on the land was taken a year ago.

At Monday's session Naugle observed: "The town owns no land which can be used for future purposes. In a few years it may be necessary to move the highway department and convert the present highway shed area in Race Horse Alley into a public parking lot. Later we may need a municipal building."

Planning Commission Gone
Naugle also revealed that the town's Planning Commission is apparently out of business. "If the Planning Commission were functioning we would have had it pass on this, but it seems we now have none." He did not elaborate on the statement, nor did other councilmen. Following the meeting it was learned that number of members of the Planning Commission have presented resignations, but no replacements have been named.

Councilmen C. Donald Rebert and Mahlon P. Hartzell Sr. noted a need for council to buy land, and the council voted unanimously to make the purchase.

To Sell Three Bonds

The motion by council was to "notify Mr. and Mrs. LeRoy E. Smith that council wishes to exercise its option and will purchase the land on issuance of proper title and deed."

Decision to purchase the land also led council to decide to sell three U. S. Savings bonds, worth approximately \$14,000, that council had been holding in reserve as the last of the accumulated funds it had gathered together over the last 15 years.

A number of bids were received from three local auto dealers on council's proposal to buy a new police car.

Attorney John Thrush, handling his first case after being admitted to the bar, noted that under the law defendants aren't juveniles after they are 18.

The court held that while a person over 18 caught in some crime is no longer eligible for juvenile court action, a person who is put under juvenile authorities before she is 18 remains under jurisdiction of the juvenile court until she is 21. The law holds that "contributing to delinquency" also means aiding and abetting a ward of the court in violating the rules and regulations laid down for her.

The jury which heard the case included Mrs. Elsie Cashman, York Springs R. 1; William Cole, Orrtanna R. May Procession Is
Held Sunday Night

The annual May procession of Saint Francis Xavier School was held Sunday evening in St. Francis Xavier Catholic Church. Miss Margaret Anne McDermitt crowned the statue of "Our Lady." Her attendants were Anna Lapickay and Eugenia Meligakes. The crown bearer was Anna Perchulyn and her attendants were Lois Tate, and Marsha Frealing.

The sermon was delivered by Rev. Fr. Stephen Rolko. The hymns for the program included "Immaculate Mary," processional, "Daily Sing To Mary," "Panis Angelicus," "Tantum Ergo," and "Holy God We Praise Thy Name." The children recited the act of consecration of Our Blessed Mother following the crowning.

Blossom Tour And
Show Are Combined

The Adams County Home Auxiliary today announced that the annual blossom tour for guests of the county home and the tour to the Biglerville Garden Club flower show tea have been combined into one trip, to be made Wednesday afternoon.

Originally two separate tours had been planned, but because weather delayed the blossoms, it was decided to combine the two events for the county home guests, Mrs. Ira Henderson, chairman of the activities in the home committee, said today.

Originally it had been planned to take guests at the home to St. Paul's Lutheran Church, Biglerville, Wednesday afternoon for the flower show in private cars, but because the two trips have been combined the entire tour will be made by bus and the individual cars will not be needed.

The bus will be at the county home Wednesday afternoon at 12:30 o'clock to start the tour through the blossom area which will end at Biglerville, where the guests will visit the flower show.

10:10 o'clock the CD headquarters at the engine house received a "blue alert" signifying that the "red" or take cover signal would probably follow shortly.

The red alert came at 10:30 o'clock and sirens and whistles throughout the county gave the "take cover signal," at the issuance of the command over the CD-firemen's radio system by chief radio operator Eugene S. Sicksles.

Police In Action
Borough, state and auxiliary police under command of Charles W. Culp Jr. immediately went into action to halt traffic on the streets and highways and ask pedestrians to take cover.

In schools throughout the county, "take cover" drills were held with the students participating. The all-clear signal came at 10:38 o'clock and sirens again sounded to give authorization for traffic to move and individuals to resume use of the streets.

Exercises Go On
Operation of the Civil Defense organization in the county continued on through this afternoon and into this evening. When the public participation drill ended, CD units throughout the county and nation began carrying out a "command post exercise" simulating action to be taken following the "raid" simulated by the public participation drill.

County C-D officials will know the "damage" locally and the state-wide and nationwide test when Weaver opens sealed orders from state headquarters at 2 o'clock this afternoon.

A special RACES amateur radio operators network was set up at the engine house this afternoon to help with the CD test.

WGCT sent out four special test messages in connection with the public participation part of the drill at the direction of county CD officials.

The test is expected to end about 11 o'clock tonight.

BURGESS GIVES

(Continued From Page 1)

ing: "It's simply a question of whether we want to keep the buses in town or not. They'll go out of town quickly if we want them to."

Councilmen discussed an occasion when a bus parked in front of Christ Church instead of in the regularly assigned space in front of The Shelter House on a Sunday morning. The burgess' report showed that cars were in the assigned parking space when the bus arrived and that the bus backed into its regular spot as soon as it could under Sunday traffic conditions.

Rumor Denied
There were allegations that local persons who had parked their cars in the parking space, preventing the bus from using it, had done so "to aggravate the situation. When they saw the bus pulling in front of the church they stood across the street and laughed." Others held there was no truth to that "rumor. Actually they pulled into the bus parking space in order to go across the street to buy a paper and left as soon as they could."

"Our traffic problem as every one knows is not a simple one," Burgess plank told council. "Many of our business places have hardships from which understandably they are seeking relief."

The suggestions and communications the burgess turned over to council included letters from the Chamber of Commerce, the Travel Council, the Battlefield Guides, Minter's store and a half dozen or more individuals.

Reports Hardships
The April 21 conference brought out the burgess said, problems of both retail merchants who have a problem of parking between deliveries and contractors who need space to park while performing services or while making purchases at supply stores.

"Everyone of these businessmen has a hardship not of his own making but largely the result of the physical layout of our downtown area and the steady increase in traffic," the burgess pointed out. He also noted his "sworn duty" to enforce present borough ordinances until they are changed by council.

He expressed his thanks to all groups and individuals who have offered suggestions on the parking and traffic problems. He said all suggestions are being given consideration.

Local Woman Hurt
In Sunday Accident

Two persons were injured Sunday and a total of \$1,500 damages resulted from a two-car crash in York, the York police reported. Police said Jean Shander, 28, of York, and Sarah Scott, 23, of Gettysburg, were treated at York Hospital for bruises suffered in the accident at 2 p.m.

Police said the injured persons were passengers in a sports car operated by Joseph Shander, 30, York. They said the traffic signals were not functioning properly when Shander's car collided with one driven by Imre Porporci, 37, York.

TOWN TO BUILD

the band, said the VFW had offered the quarters as a public service without charge.

David Garfinkle, appearing to make suggestions concerning the moving of scheduled buses from Chambersburg St., suggested moving the buses to the old Reading Railway terminal on N. Washington St. "The Pennsylvania Railroad owns Greyhound and the Reading, so it might be that they would be willing to put their buses on their own property at it were," he said.

Burgess Reports
Garfinkle's remarks led to a lengthy discussion of buses and parking problems in general, including a report by Burgess Wilbur Plank concerning suggestions he had received. He turned the file over to council and council in turn directed the highway and safety committees to study the file for recommendations and "see what answers you can find."

Council voted to request the Metropolitan Edison Company to place a sample light in Lincoln Square to demonstrate what it is suggesting as a replacement for the present "White Way."

A list of exonerations from Tax Collector J. Herbert Weikert was approved.

Baise Zoning Issue

Plans are underway for an additional storm sewer system to be placed by Gettysburg College, Donald P. McPherson and the Sigma Chi fraternity to carry off additional water from the E. Stevens St. area, but council also learned that it has not been officially notified of the plans and could take no action, except to warn that it is not "obligated" to take any steps in the matter.

Another lengthy discussion centered around the "problem of trailers" and it was indicated that the "problem" will probably be met either by special ordinance or as part of an overall zoning ordinance for the community.

Councilman Philip M. Jones, chairman of the committee appointed last month to investigate the matter, said he had turned the question of zoning over to the burgess who was studying the possibilities of a zoning ordinance for council.

Borough Council President H. M. Oyer warned council that "we better get zoning."

Councilman Naugle suggested placing "concrete pyramids" on Lincoln Square and at the court house to serve as drinking fountains. "Piped water could be run through deep wells at the sites to cool the water," he said.

Council voted to remove the fountain near the court house. The discussion followed reading of a letter from the Women's Civic Council asking that the fountain on W. Middle St. be repaired or removed.

Council voted to direct repair of the curbing at the Hotel Gettysburg and Mitchell's restaurant, on the Carlisle St. sides, by McDermitt Brothers, and that the bills be sent to the hotel and Mitchell's. Council noted it had sent two notices to the two property owners to make the repairs.

John Hartman was directed to extend his sidewalk on Wade Ave. to be in accord with a sidewalk ordinance passed in 1905.

Adopt 3 Ordinances
A request was made for two local policemen to attend the FBI pistol school in Chambersburg. The cost will be \$400. Council discussed the matter, asked whether the money could not be better spent by having Chief of Police Jack Bartlett set up a pistol school here "so all the officers can get training" and then turned the matter over to the safety committee with power to act.

Three ordinances were passed. One bans parking from the east side of College Ave. from Lincoln Ave. to Broadway. Another designates Springs Ave. from Chambersburg St. to Seminary Ridge; Queen St. from Steinwehr Ave. to Long Lane and Howard Ave. from Springs Avenue to Buford Avenue as through highways.

Building Permits
The third ordinance changes section two of the borough's ordinance "regulating construction, repair and removal of buildings and providing for permits." At the present time the ordinance provides that when the borough engineer gives approval to building plans as meeting the requirements of the borough ordinance "the burgess shall immediately issue his permit for such work in accordance with the plan or plans as approved." The change permits the burgess to withhold issuance of such permits in connection with construction that requires state approvals until state approval is received.

The town received a check for \$19.20 from the Metropolitan Edison Co. with an accompanying letter stating the amount represents a refund for the periods when some street lights were out during the March snow storm.

Colt Park Development Company submitted a request to council for passage of ordinances extending Long Lane to King St., Sunset to King, Fairview to King and Queen to Long Lane. No action was taken pending the study of the original plan approved for the development.

FIFTY YEARS AGO

General Local Jottings: The report of the Biglerville office of the P. and R. for the month of March shows an increase of \$3,500 in business over the corresponding month of last year. This is another proof that our neighboring town is on the boom.

J. F. Tipton has had his house on Carlisle street repainted.

While digging garden for Miss Rosie Young, Steinwehr Ave., J. A. Frazer dug up a 10-pound parrot shell.

The members of the local lodge of Elks have purchased from Luther M. and Ralph Buehler the property on York St. formerly occupied by the Buehler family. The house will be converted into a permanent Elk home.

More than 40 hands are now employed at the Gettysburg Brick Works.

A homing pigeon came to the residence of Mrs. L. J. Orndorff, on Route 6, from Gettysburg, last Thursday with a band on the left leg bearing the initials T. Y. 50521.

Henry Lillick, of Hilltown, has a piano in his home which is 110 years old.

Claude King, an employee on the farm of Lower Bros. at Table Rock, cut his foot to the bone with an axe one day recently.

The Weaver Manufacturing Co., New Oxford, last week shipped a large consignment of their Perfection steel watering troughs to Kingstown, Jamaica.

A. A. Sanders, tenant on the Himes farm, at the New Oxford Flouring mills, in his self constructed incubator, last week hatched 107 Plymouth chicks from 127 eggs.

The Civic Club: At a meeting of the Civic Club held Friday afternoon, all the old officers were re-elected as follows: President, Mrs. W. H. O'Neal; first vice president, Mrs. H. C. Lackner; second vice president, Mrs. Daniel A. Skelly; treasurer, Mrs. J. Harry Huber; assistant treasurer, Mrs. S. McC. Swope; secretary, Mrs. Sallie M. Stewart.

The heads of the departments for the coming year will be as follows: Miss Emily Horner, educational department; Miss Mary Horner, financial department; Mrs. H. C. Sanders, municipal.

The club has ordered twelve waste paper receptacles of a new design, which will be placed about town. The new cans will be used only for the use for which they are intended and not as garbage receptacles as was the trouble with the old cans.

Local Miscellany: Fruit men say that the crop promises to be a big one this year.

Apparently, the route of the Washington-Gettysburg railroad is to be via Rocky Ridge, due to the purchase of the Monocacy Valley line running from Thurmont to Catoctin, by the new company.

Carson Bumbaugh purchased the restaurant conducted by the late S. A. Troxell, East Middle street, and opened the same for business Friday evening.

Mrs. Dubbs has moved from the Troxell property on East Middle street to the Topper property on

Today's Talk

KEEP YOUR INTERESTS ALIVE

We should discover early in life that our most valuable decision can be our determination to keep our interests alive. It's what you might call living exercise. By keeping the body alert and the mind forever tuned to new ideas and enterprises you become an alive person, keyed to accomplish great victories in later life.

Keep your interests alive if you would go forward and keep abreast with all that is happening in the world that is worth studying and which has inspirational value. We need something deep within each one of us to prod us to action and new resolves, for we must keep in step with movements that uplift us and keep us traveling toward goals that we have set for ourselves to attain. It's these interests of ours that give us the zest to go forward, and lead others with us. It's no fun to win alone — in fact, none of us do win alone. Someone, somewhere, is always praying for us, thinking about us, and in many a way contributing to whatever we may call success. Anyone who contributes to our happiness helps to keep our many interests alive and in working order.

These interests of ours are very personal, yet they touch a multitude through each one of us. If we didn't keep these interests of ours well keyed up day in and day out we would grow careless and uninterested to ourselves — and that would be mild tragedy. The long-living men and women are the non-worrying ones. They plot their way ahead and stick to whatever plan they have chosen. Our various interests give us the desire to go forward, to progress naturally and with a purpose. That purpose is very important.

Tomorrow Mr. Adams will talk on the subject: "Courage"

THOUGHTS OF A BASEBALL FAN
I've sat upon the bleachers,
And I've prayed with hundreds more

For a little, timely single
That would net the winning score.

I have watched the batter strike out
And I've groaned with ardor damp;

Oh, I wish the boys could hit 'em
As they do in training camp!

I have watched them through the summer,
I have loudly shouted "slide".

To a player stealing second,
And I've fretted when he "died."

I have seen them nabbed as nicely
As a copper nabs a tramp,

And I've wished that they'd run bases
As they do in training camp.

For a home run hit is common,
We've the correspondents' word.

When a man is passed on wide ones
He just romps around to third.

Oh, there is no doubt about it,
Every player is a champ

Till the game is on in earnest,
And he's out of training camp.

ERNIE FORD'S SHOW HAS NO TIGHT FORMULA

NEW YORK (AP)—Some time ago somebody suggested calling a meeting to discuss changes in the Ernie Ford Show.

"Change what?" asked Ford mildly. "You want to fire me?" Good heavens, no! "You want to fire the choir?" Of course not! "Then what's this meeting for?" asked Ford. "We're gonna sing and I'm gonna talk and we're gonna sell cars and try to make people laugh."

The meeting was not held. Of the innumerable futile meetings constantly held in the television industry it would be difficult to think of a more useless conclave. For the Tennessee Ernie Ford Show (NBC-TV, Thursdays) is purring along in its second season of being one of the most popular nighttime programs on television. Its formula?

"We ain't got one," said Ford, who takes as dim a view of words like formula as he does of calling meetings. He sings, he talks, he sells cars and he definitely makes people laugh.

The quality of Ford's humor is elusive. It's not the old "Hey, Rubel!" brand, and it's more sophisticated than Ford either realizes or would admit. Like all good wit it packs some wisdom. On the other hand, nobody — including Ford — exactly knows why he can bring the house down with a remark like "It's too wet for plowing."

Apart from the fact that Ford is a superb singer of ballads, he speaks a language of vivid and homely imagery. "As nervous as a long-tailed cat in a room full of rocking chairs" is the kind of line he tosses off casually.

Personally Ford is as relaxed as a well-fed cat on a sunny porch. Although he'd like more time for fishing and golfing, he thoroughly enjoys what he's doing and has no ambitions to be trying something else.

"Until They Sail"

Set the GAS Griddle-with-a-Brain at 375 degrees. Pour the batter. Serve delicious pancakes all the same shade of golden brown.

Makes every pancake the same golden color

Every pancake turns out the same luscious golden color on the amazing GAS Griddle-with-a-Brain. You never have the problem of the first batch being scorched and dry—the next pale and underdone. The GAS Griddle-with-a-Brain turns its own flame up and down, automatically . . . keeps the temperature exactly right.

Other Features of 1958 Automatic GAS Ranges

The new built-in and regular GAS Ranges have both griddles and top burners with this automatic heat control. It's one reason why smart young moderns are cooking with GAS. There are other good reasons. Clock Controlled Meat Thermometer turns oven on, cooks roasts rare, medium or well-done—turns oven off. Built-In Rotisserie gives broilers, shish-kebab, cornish hens, meats the succulence of outdoor open-fire cooking.

"Direct Action" Is Taken By Housewives

DETROIT (AP)—Irked at the ripe smell coming from a smoldering trash heap at a nearby refuse dump, housewives in suburban Warren took what a spokesman called "direct action" Monday.

The ladies, about a dozen in all, set up a row of chairs across the entrance to the dump and sat through the day, unmoved by police entreaties and the coaxing of would-be dump users.

A group leader said previous efforts to control fires at the dump had failed and when one kept burning for four days in a row she and her neighbors decided to do something about it.

Dentists Hear New Plan On Collections

KANSAS CITY (AP)—Dentists have a new way to help you pay your dental bills.

Dr. Rudolph H. Friedrich came here from Chicago to give about 2,500 dentists at a Missouri-Kansas meeting a chance to get their teeth into the idea.

Under the plan, you borrow from a bank to pay your dentist, and the dental association has a reserve fund that guarantees the bank won't lose if you fail to repay your loan.

The plan is proving successful, says Dr. Friedrich, secretary of the Council on Dental Health of the American Dental Assn.

phisticated than Ford either realizes or would admit. Like all good wit it packs some wisdom. On the other hand, nobody — including Ford — exactly knows why he can bring the house down with a remark like "It's too wet for plowing."

Apart from the fact that Ford is a superb singer of ballads, he speaks a language of vivid and homely imagery. "As nervous as a long-tailed cat in a room full of rocking chairs" is the kind of line he tosses off casually.

Personally Ford is as relaxed as a well-fed cat on a sunny porch. Although he'd like more time for fishing and golfing, he thoroughly enjoys what he's doing and has no ambitions to be trying something else.

NEGROES FRAME THEIR ANSWER

JACKSONVILLE, Fla. (AP)—The Negroes' answer to bomb violence and threats here emerged as: Register and vote.

It was formulated Sunday at a mass meeting of more than 400 at St. Paul AME Church.

They asserted it in one of seven resolutions passed by a standing vote. They decided to back their answer with a united action organization that can speak for the 94,000 Negroes among the 400,000 population in the Jacksonville area.

Representatives of Negro civic, social, fraternal, political and religious organizations were invited to meet Wednesday to form the central group.

The group at Sunday's meeting, like Southern mayors and police officials who conferred here a day earlier, asked the U.S. Justice Department to intervene in the investigation of dynamite blasts a week ago at a Negro school and Jewish synagogue here plus 45 other dynamite incidents in 20 cities.

FOLSOM TAKES REST IN FLORIDA

WASHINGTON (AP)—Secretary of Welfare Folsom is taking an extended vacation in Florida upon his doctor's recommendation.

A department spokesman Monday said Folsom extended his regular vacation, which started April 1, upon the recommendation that he get some more rest. He added that Folsom said in a recent telephone conversation that he was feeling fine again.

It was explained that when the time neared for Folsom to return to Washington about mid-April, he felt tired and consulted a doctor. The doctor advised that he undergo a checkup. Folsom was said to have come through the tests with a good report.

The doctor, however, recommended that the secretary get additional rest.

Local Postponements Pile Up; Warriors, Bullets In Home Meets On Wednesday

Another haymaker was dealt the local sports program Monday by the weather man while all scheduled events for today unquestionably will also fall victim to the continuing rain.

With better weather forecast for Wednesday, a number of events will probably be staged although scheduled baseball games appear in jeopardy because of wet grounds throughout the area.

Three track meets of local interest highlight the Wednesday schedule.

George Forney's Gettysburg High Warriors will meet Waynesboro here in a dual meet at 3:30. The affair will serve as a good workout for both squads who will take part in the annual South Penn Conference meet at Dickinson College, Carlisle, on Wednesday.

The Warriors have won a triangular meet with Steelton and Hanover at Hanover, topped Biglerville in a dual meet last week, while finishing third in a triangular clash with Chambersburg and Carlisle here.

Gettysburg College's trackmen will be host to Albright and Haverford in a triangular meet Wednesday at 3 o'clock. The Bullets have won three dual meets while finishing second to Dickinson in a triangular meet also involving P. and M. Biglerville, a Class B school, will be among 26 high school teams which will compete in the ninth annual Sonny Sheppard Memorial Relays under the lights at Hanover Wednesday evening. The meet starts at 7 o'clock.

There are four events for both Class A and Class B teams—the mile, 880, 440 and the medley. The medley consists of legs of 110, 220, 110 and 330 yards.

Susquehanna Here Friday
Henry T. Bream, athletic director at Gettysburg College, in announcing postponement of the Johns Hopkins baseball game today, revealed that Susquehanna will come here Friday for a game at 3 o'clock. The game had originally been scheduled for Selinsgrove on April 24 but was rained out.

Three baseball games are on tap for Wednesday but seen headed for postponement because of wet grounds. They include Gettysburg at Temple, Littlestown at Big Spring, and Taneytown at Fairfield.

Games Re-Scheduled
Monday's postponements included two South Penn scholastic games. Hanover and Chambersburg have rescheduled their game for Friday at Chambersburg while Shippensburg will play at Waynesboro on Thursday, May 15.

Other postponements Monday included New Oxford at York, Mt. St. Mary's in baseball and tennis.

PHILLIES BEAT DODGERS AS HAMNER STARS

By THE ASSOCIATED PRESS
It was just last week that reports started about the Philadelphia Phillies looking for a trade that would bring them some power. They should have started the whispering campaign sooner — Gran Hamner's been clubbin' the ball ever since.

In six games since the May 1 rumors, Hamner has knocked in a third of the Phils' 31 runs, getting 10 hits in 23 trips—six of them for extra bases. That's a .435 batting average and an .821 slugging percentage.

Not bad for a 31-year-old short-stop-second baseman taking his first fling at third base in a decade.

Drove In Five
He drove in five runs with a bases-loaded triple and the 100th homer of his 14-year career Monday night, carrying the Phils to an 8-3 victory over the Los Angeles Dodgers.

Pittsburgh gave up nine runs in the ninth to the San Francisco Giants but salvaged an 11-10 victory that netted them a share of first place with the idle Chicago Cubs. Milwaukee at St. Louis was postponed because of the weather.

Pirates Chase Gomez
Vern Law, who managed to win his third, had a five-hitter and had blanked the Giants from the first inning on going into the ninth. Then all sorts of things happened — two errors that allowed five unearned runs, seven hits off four Buc pitchers and three pinch hits, tying the National League record for one inning by one club. Jim King, Johnny Antonelli and Bob Speaker delivered the pinch blows, consecutive doubles that drove in five runs.

A three-run homer by R. C. Stevens marked a five-run Pirate seventh that chased Ruben Gomez to his second defeat. Frank Thomas' eighth homer, with a man on, triggered a three-run ninth for what looked like a rout, then became barely adequate. Ray Jablonski and rookie Orlando Cepeda homered in the Giant ninth.

SMOKY BURGESS TRADE SOUGHT BY CARDINALS

ST. LOUIS (AP)—Brewery owner August A. (Gus) Busch, accustomed only to winners, is convinced his staggering St. Louis Cardinals will snap out of it.

The Cardinal owner, who has seen his Clydesdale horses and his bowling teams win national honors, is suffering as much as the most avid fan over his club's dismal last-place record of three victories in 15 games. They finished a surprise second last year.

Busch and General Manager Bing Devine admit the Cards would like to get Cincinnati catcher Smoky Burgess, 31, a power hitter with a career batting average of one point under .300. They consider outfielder Wally Moon an even trade. Moon's career mark is only two points under .300.

Busch said a Moon-for-Burgess deal had been discussed several times.

The Los Angeles Dodgers reportedly are dicker with the Cards for Del Ennis and others with ailing Duke Snider and aging Carl Furillo as bait.

But Devine said he is afraid of a Snider deal "since we'd have to give up so much."

GRANNY GOT 100TH HOMER
LOS ANGELES (AP)—Granny Hamner's bat is not one of the noisiest in the major leagues but it stirred up a mighty racket in Monday night's box score.

The box shows the 160-pound infielder delivered a home run and a triple and drove in five runs for the Philadelphia Phillies as they disposed of the Los Angeles Dodgers 8-3. The homer was the 100th of Hamner's major league career, which started in 1944.

"That's not very many for a guy who's been around as long as I have," he observed with a touch of weariness in the dressing room.

"But this was one of the best nights I've ever had. Not the best, though. I remember one time back in 1943 I drove in seven against St. Louis. I think I got a bigger thrill out of that. We were building into a real club then."

Granny has never hit 300, but missed by only one point in 1954. Last season he registered but a faint thud in the batting statistics with a .227 showing.

PROBE DEATH OF WAITRESS
BOSTON (AP)—Police today probed the death of a 29-year-old waitress whose nude body, her head in a gas oven, was found on Sunday in a West End apartment.

A medical examiner's report was awaited in the death of Charlotte Macan, a Polish refugee who came to this country 15 years ago. Mrs. Macan came here three weeks ago from Harrisburg, Pa., and was employed at a Brighton restaurant.

Police Lt. John Donovan said Irving Spector, 33, a salesman, also from Harrisburg, who found her and called police, has been booked on morals charges. Police said he told them the woman has been dependent since he told her he planned to leave.

Spector told police the smell of gas awakened him and he found the woman with her head in the oven. Firefighters and police were unable to revive her.

Donovan quoted Spector as saying Mrs. Macan was a divorcee and that a child was given into the custody of her former husband.

According to Spector, Mrs. Macan worked as a waitress last summer in New Hampshire and during the winter in Florida.

GIARDELLO IS EASY WINNER
SAN FRANCISCO (AP)—Because his work wasn't too hard here and his paycheck was fat, middle-weight Joey Giardello would like another San Francisco bout soon — possibly against Holly Mims in June.

The No. 4 contender found Rory Calhoun a much less difficult foe than a year ago and decked him twice Monday night while winning a one-sided decision at 10 rounds in the Cow Palace. Calhoun is ranked No. 5.

Giardello, undefeated in his last 16 fights, hung up his 74th victory. The winning boxer from Rosedale, Long Island, N. Y., weighed 159½ to 158½ for his free swinging opponent from White Plains, N. Y.

In Cleveland last May 17, Joey won a split decision. Referee Vern Bybee scored it 99-90; Judge Eddie James saw it 100-89 and Judge Jack Silver had it 98-91. The Associated Press scored it 97-91.

DUPAS COUNTS ON YOUTH IN TITLE MATCH

HOUSTON, Tex. (AP)—Joe Brown's age and Ralph Dupas' weight were the main topics today as both fighters tapered off for their world's lightweight championship bout.

They meet Wednesday night with Brown's title, which he has held for almost two years, at stake.

Brown's age is listed as 31 but Dupas thinks somebody put down the wrong record. The 22-year-old Dupas has contended all along that his youth will make the difference and he'll win the world's title in his first attempt.

But the Brown camp is saying that age or no hard-hitting Joe will take care of his young challenger in the eighth or ninth round by a knockout.

No one doubts that Brown will make the 135-pound limit without trouble. Rumors persist that Dupas is having difficulty.

KUBEK TRIES RIGHT FIELD

NEW YORK (AP)—Tony Kubek goes into the Army before the baseball season ends, but at the moment, the 22-year-old New York Yankee jack-of-all-trades has other things on his mind.

His main concern is where he's going to play in Manager Casey Stengel's scheme of things. Once the professor starts working on his lineup, Kubek has to sit tight.

Tony was down to replace Hank Bauer in right field in today's game with the Cleveland Indians — a position almost completely foreign to him — but then you never know.

"I wouldn't be surprised if Kubek could and would play some more positions for me in addition to the five he handled last year," rasped Stengel. "He doesn't need any experience anywhere I play him, so why should I worry about him in right field?"

Winning Court Teams Head Home

MOSCOW (AP)—The all-triumphant U.S. men's basketball team returned today and began packing for the long trip home.

Both the men, who finished their tour of Russia with a 101-58 victory over Riga, the Soviet national champions, at Leningrad Monday night, and the women enplane for the U.S. Wednesday. The women finished with a 58-42 triumph at Leningrad Monday night.

The men's team wound up with a 6-0 record and the women 4-2.

Ambulance Driver Finds Father Shot

ATLANTA (AP)—Ambulance attendant Carl W. Banks Jr., 18, answered a call to a hotel and found his father fatally wounded by a shotgun blast.

Police Sgt. J. E. Helms said Banks entered the hotel, rushed out and gasped, "That's my father."

Ambulance driver F. O. Bishop completed the rush call.

Carl W. Banks Sr., 46, died at Grady Hospital a short time later, Helms said, of a self-inflicted shotgun wound in the chest.

GIVES OUT CASH

MIAMI, Fla. (AP)—A Miami bottling company (Pepsi-Cola) poured \$150,000 into Miami's "Buy Now" campaign Monday, handing out checks of \$1,000 to \$7,000 to its 55 employees.

The money came from a trust fund President Ha. S. Pelton set up for employees in 1952, and from profits on investment of the fund. There were no contributions by employees.

Johnny Bower Is "Most Valuable"

NEW YORK (AP)—Johnny Bower, the 32-year-old goalie of the Cleveland Barons, may not last forever, but he'll be the talk of American Hockey League netminders for many a year to come.

Bower, who had eight shutouts last season, was voted the AHL's most valuable player Monday for the third consecutive year. Not only is he the only player to make it three years in a row, but he is the only goalie to get the award.

ADVERTISE IN THE TIMES

NOTHING IS TO BE DONE ABOUT L. A. LEFT FIELD

NEW YORK (AP)—Nothing can be done about the Los Angeles Coliseum's short left field fence, says Baseball Commissioner Ford Frick, but it shouldn't happen again.

The commissioner Monday asked the playing rules committee to set a minimum of 325-feet for foul lines and 400 feet for centerfield on all parks built or remodeled after June 1.

"There is nothing we can do about parks that have been built," Frick said. "But I have a hunch that 10 or 15 new parks will be constructed in the majors and minors in the next four or five years."

"We want them to know the minimum distances while they are still in the blueprint stages."

"I don't think it is a good situation in Los Angeles," the commissioner said, "but it is a temporary thing until we get a new park."

The rules committee is headed by James T. Gallagher of the Philadelphia Phillies. Gallagher was asked by the commissioner to take a poll of his 10-man committee so that a definite rule could be made by the time of the All-Star game in July.

ANTHONY ASKS SHOT AT TITLE

NEW YORK (AP)—Picture-punching Tony Anthony wants a crack at his old Olympic teammate, heavyweight champion Floyd Patterson, but he's in no hurry for the title shot.

"In about a year would be about right," said Manager Ernie Braca after Anthony knocked out Artie Miller in 1:41 of the sixth round of a one-sided television bout at St. Nicholas Arena Monday night.

"Tony weighed the heaviest of his career for Miller (177½ to Miller's 179½) and is still growing. We'd like to get him to 185. With the added weight, more fights and more experience he'll be ready."

Braca said he'd like to get Tony another shot at light heavyweight champion Archie Moore, too, "but for money. We didn't get any for the last one."

Moore knocked out Anthony last December.

Anthony won every round from his fellow New Yorker Monday night.

A right to the head dropped the muscular 5-1 underdog for six in the third round and a left hook decked Artie for keeps in the sixth.

Eastern League

EASTERN LEAGUE ROUNDUP
By THE ASSOCIATED PRESS
York was a full game in the lead of the southern division of the Eastern League today after belting Springfield 7-4 last night for its fifth straight victory.

The game at Springfield, Mass., was the only league action. The other games were rained out.

York rallied with three runs in the ninth inning after Springfield, trailing 4-0 entering the home half of the fourth, tie the game 4-4 in the seventh.

Bonus rookie Bob Burda drove in two runs in the ninth with a double for the White Roses. York rightfielder Paul Leslie drove in three runs.

Reliever Mel Nelson followed starter Dick Hicks to the mound in the sixth. He held Springfield to one hit in four innings and fanned six to win his first game. Willie De Jesus was the losing pitcher.

Lift Suspension Of Harvie Ward

NEW YORK (AP)—Harvie Ward Jr. returns to the amateur golf fold today—fully forgiven—with a chance to prove himself the greatest amateur champion since Bob Jones.

A year's suspension for expense irregularities was lifted by the U. S. Golf Assn., permitting Ward to point for the National Amateur at San Francisco Sept. 8-13 and the first world championship at St. Andrews, Scotland, a month later.

Before running into difficulties with the USGA over tournament expenses, Ward won consecutive national amateur championships in 1955 and 1956 and went through Walker Cup meetings in 1953 and 1955 without losing a decision.

BOB SMITH OF BOSTON BEATS TRIBE 8 TO 5

By THE ASSOCIATED PRESS
Bob Smith, a guy called Riverboat from Ol' Mizou, picked up his first major league victory in his first start and the Boston Red Sox now have two victories from southpaws—matching their 1957 total.

Riverboat, a wiry 6-footer named by Pacific Coast League writers who figured he was as crafty as a riverboat gambler, walked but two, struck out four and gave up eight hits in an 8-5 day, Frank Sullivan, inactive since April 20, had to help out with relief in the eighth.

That was the only game played in the American League. Rain caused postponements of the rest of the schedule.

In Trouble Twice
The Red Sox, playing in Fenway Park where the left field fence dictates a predominantly right-handed staff, had just two southpaws last season and counted only single victories from Dean Stone and Frank Baumann.

Baumann collected his first complete game in the majors as the Red Sox split a pair of 1 games with a 1-inning victory in the nightcap of Sunday's double-header.

Then came along Riverboat, an off-season farmer and a graduate of Missouri who lives in Clarence, Mo., with his wife and three sons.

If You Take An Automobile Vacation You Can "Improve" Your Looks, Says Consultant

Approximately 72,000,000 people vacation by car, and that figure is increasing each year.

"And an automobile vacation can be a wonderful opportunity to improve your looks," states Marian Peake, fashion consultant, who passes along these tips:

1. **RELAX** — If you're in the driver's seat, two or three hours of travel at a time are enough. Take frequent breaks, even if they consist only of stopping the car off the road, and getting out for a short walk, a deep stretch.

Relax Facial Muscles. If you're a passenger, use your time to advantage by watching the scenery, daydreaming to your heart's content, alternated with simple exercises to decrease tension —

a. relax your facial muscles by smiling broadly; then quickly drop the smile; b. ease the strain at the back of your neck by slowly moving your head forward, backward, left and right, then stretching your neck upwards; c. take the kinks out of your back by lifting and dropping your shoulders a few times.

2. **EAT CAREFULLY** — A box of cookies is tempting as an on-the-road pick-me-up, but thirst-quenching and much kinder to figure and complexion are fresh fruits, carrots and celery, kept frosty cool

in a plastic zipper bag with ice cubes.

Keep Calorie Count

Fresh air stimulates the appetite, so splurge once-a-day on meals, but in-between times keep a calorie count, sticking to iced or hot tea and coffee, or fruit juices on frequent stops.

3. **PROTECT YOUR SKIN** — If you're driving in a convertible, or keep the car windows open, the force of air, filled with dust, will irritate your skin. Protect face and hands by cleansing thoroughly several times a day. Afterwards apply a protective and softening foundation or lotion, and a burn-deterrent cream. Don't forget your arms, particularly if you are in the habit of leaning an elbow outside the window.

Protect Your Lips

A more oily lipstick than usual will protect your lips, and a bit of oil on your eye-lids (and dark glasses) will keep eyes from becoming puffy and tired. Beauty aids can be kept in a kit close-at-hand in the glove compartment, so that you can re-apply them from time to time. Remember to take along a washcloth, a soft hand-towel, soap in a soap dish, toothbrush and toothpaste — the most basic of "refreshers."

4. **CARE FOR YOUR HAIR** — Wind, dust and sun play havoc with your hair more frequent-

THE DRIVER'S SEAT

Your chances of staying alive on the highway are more than 65 per cent greater than they were 10 years ago. To 25,135 drivers in the United States, this means they will live through year of driving.

These members of the motoring elect—one may be in the car behind you, in the car in front of you or in the one in between—owe their

than-usual shampoos and a little lanolin or brilliantine applied to the ends of your hair will keep it fresh and shiny. There are many new types of scarf-hats on the market that are both becoming and practical.

Take It Easy

5. **ORGANIZE YOURSELF** — Nothing makes you feel (or look) better than reflecting an air of confidence — easily obtained by being well organized. Take time now and then to sweep out the car, straighten the glove compartment, rearrange luggage. When you stop overnight, stop early enough to do laundry, fix nails, take a leisurely bath and enjoy a short nap before dinner. Try to get at least seven hours of sleep each night, preferably more.

"Above all," suggests the fashion consultant, "remember you're on vacation. Take it easy — and drive carefully."

Above is a photograph of Warren's Chevrolet sales and service department, Lincoln Highway East. continued existence in the driver's seat to many new life-preserving devices designed within the past 10 years.

Items such as seat belts and padded dashboards on modern cars are significantly cutting down the chances of an accident being fatal to you. Automobile tires are now designed to stand up under the high speeds of the turnpikes and expressways and the strain of old, inadequately paved roads.

Safety-Bent Minds

Highway construction engineers also have safety-bent minds that have produced cloverleaf turns and highway dividers to keep automobiles going at right angles or in opposite directions safely separated from each other.

Signs along the highways and city streets have become more effective. No longer considered mere reference marks of mileage, speed,

direction and warning for those who happen to be able to spot them, many now employ enlarged, legible letters and reflective background sheeting that springs into view when struck by headlights after dark, in addition to being colorfully visible in daylight.

"Double Life" Tags

License plates are leading double lives in several states. Aware of the effectiveness of reflectivity on signs, many states are using it on licenses, making the plates easy to spot on the highway after dark as they throw back the headlights beams from cars approaching from either front or rear.

The progress toward safety made in the past decade is likely to be surpassed by that made in the coming years, if the drawing boards give any clue. Auto manufacturers are devising plans to keep their customers in commission by sug-

gesting rear-facing bucket seats for passengers, replacement of the potentially lethal steering wheel by control handles, 180 degrees of undisturbed visibility for the driver, door handles imbedded in upholstery, wrap-around bumpers with shock absorbers, rear-end motors and transparent roofs.

Road plans include controlled access to the road to reduce the horrifying accidents that occur when traffic flow and road capacity are

CITES NEED FOR NEW MUSEUM IN PENNA. CAPITAL

By BOB HOLTON
HARRISBURG (AP)—A speck of dirt, a damp breeze or a misplaced match might well present a void in Pennsylvania history for your great grandchildren.

S. K. Stevens says that's about all it would take to set off a chain reaction and destroy thousands of official documents stored in dusty nooks and crannies throughout the state capitol buildings.

Stevens, who is executive director of the state Historical and Museum Commission, is the man responsible for administering the care of these priceless links with the past.

Very Nervous Fellow
He said hundreds of boxes containing the "governor's papers" are probably in the most perilous position at present.

The papers, including millions of official documents and personal correspondence of some of the last few Pennsylvania governors, are stored in cardboard cartons in the frame attic of the three-story state Museum Building at Harrisburg.

"The building's a firetrap and if it ever flamed up, I wonder if we could get the people out, much less save the papers," Stevens said.

In another state archives section located in the Education Building, there sits a very nervous man named Henry H. Eddy.

Doesn't Have Facilities
"We have thousands of official Pre-Revolutionary War records stored here in such a manner that

dust and dampness can get to them and eventually destroy them," Eddy said.

"But there isn't anything else we can do because we don't have the space or facilities for proper storage of the documents," he explained.

Among the documents is the original, four-page parchment attesting that King Charles II granted a charter to William Penn in 1681.

Plan New Museum
That document is kept in a fireproof safe in the archives but even so could be gradually damaged by moisture or dust.

"We are having plans drawn up for a new museum and archives building and we hope to get enough money from the legislature to construct an 8 or 10 million dollar building," said Dr. Stevens.

"Until we get that building and arrange our documents and displays in order, many precious documents and records will remain in constant danger of destruction and needless wear," he said.

IKE TALKS IN STRATFORD, VA., AT LEE MEETING

STRATFORD, Va. (AP)—President Eisenhower drove here Sunday to visit the boyhood home of Gen. Robert E. Lee, and used the contrast to plug for more foreign trade.

The President and Mrs. Eisenhower motored 82 miles through the Virginia countryside to Stratford, the birthplace of the Confederate general.

In a brief backyard talk before 500 persons, Eisenhower noted that Stratford was almost a self-supporting economic unit.

But the difference between the nation then and now, he said, is "the difference between ox carts and jet airplanes."

Eisenhower, in an obvious boost for the reciprocal trade program, said 4½ million Americans are engaged in building items that are sold abroad.

Keels Talks Too
"There is not a person in the United States," he said, "that is not affected every single day by what happens in Africa, in far Asia, in Europe and all of South America. We are no longer inde-

pendent economic units."

The presidential party returned to Washington Sunday afternoon.

15 Railroad Cars Are Derailed Sunday
FRANKLIN, Pa. (AP)—Wrecking crews cleared the wreckage Monday of 15 cars of a 144-car Pennsylvania Railroad freight train that derailed Sunday along the Allegheny River.

One of the cars plunged into the river. Others were strewn about the one-track line with merchandise and grain spilling from some. Cause of the derailment was not learned.

The derailment occurred five miles south of Franklin. J. I. Mibuck, a conductor, suffered a bruised hip when he was thrown against the inside of a caboose.

The train was en route from Conway, Pa., to Buffalo, N. Y.

Trainer Ivan Parke was a jockey in the 1925 Preakness and finished fourth on Chantley.

15 Railroad Cars Are Derailed Sunday
FRANKLIN, Pa. (AP)—Wrecking crews cleared the wreckage Monday of 15 cars of a 144-car Pennsylvania Railroad freight train that derailed Sunday along the Allegheny River.

One of the cars plunged into the river. Others were strewn about the one-track line with merchandise and grain spilling from some. Cause of the derailment was not learned.

The derailment occurred five miles south of Franklin. J. I. Mibuck, a conductor, suffered a bruised hip when he was thrown against the inside of a caboose.

The train was en route from Conway, Pa., to Buffalo, N. Y.

Trainer Ivan Parke was a jockey in the 1925 Preakness and finished fourth on Chantley.

Don't Let Carpet Cleaning Floor You
Now you can clean all types of wall-to-wall carpets quickly and easily with the new Blue Lustre carpet and upholstery cleaner.

This very gentle foam cleaner is brushed into the carpet with long handle brush without soot or matting, leaving the pile open and lofty. Original colors spring out like magic.

Blue Lustre removes spots or traffic paths in a jiffy. Works beautifully on upholstery too. One half gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.
